

## **LIGHTBOURN EQUIPMENT CO.**

April 16, 2025

Dear Valued Hatz Customer,

Lightbourn Equipment Company is contacting you today to share with you our position regarding any potential cost impacts from government trade actions, including tariffs, duties, trade remedies, and related administrative measures that could affect our supply chain costs. This policy applies to recently announced or future tariffs imposed by the U.S. government and any tariffs imposed by foreign jurisdictions. As trade actions impact our costs, Lightbourn Equipment Company will be compelled to implement corresponding adjustments to our pricing to offset the impact of these new costs. These adjustments will take effect on the effective date of the applicable government orders and will apply to all orders containing affected products. Lightbourn Equipment Company will apply these adjustments as a separate line item on each affected invoice.

Thank you for your business and continued partnership as we work together to navigate these developments.

Sincerely,

Walt Lightbourn  
President  
Lightbourn Equipment Company
